## PRESIDENT'S MESSAGE

During this past fiscal year, the Association celebrated 30 years in business as the only One-Call Center in the state of Utah. Over this period of time, the Association's name, Blue Stakes, has become synonymous with activity to locate and mark underground facilities prior to excavation.

Two significant milestones the Association achieved this past year were the purchase and occupancy of a new Notification Center located in Draper and reaching the financial goal of having retained earnings equal to a year's operating expense.

As more and more utility infrastructure is placed underground, the Association will

continue to address technology and staffing requirements to ensure the customer service levels are achieved that customers and members have come to expect.

The Association's Board is committed to seeing that the Notification Center is managed in an efficient and cost effective manner.

I would like to express appreciation to the members of the Board, Management Team, and Center employees for their contributions in helping the Association achieve its mission and goals.

The Board recognizes the success of the Association also depends upon the financial

**New Notification Center**

support and backing it receives from its members.

On behalf of the Board of Trustees, I would like to thank the members of the Association for their support in the past and request their continued backing as the Association moves toward the future.

John C. Furness  
President

## NEW TICKET ENTRY OPERATING SYSTEM

Blue Stakes will be implementing a new ticket entry operating system called "NEWTIN" during the 1st quarter of 2006. This new operating system will be built on a .NET platform and will provide users with a customer friendly windows based format to use while navigating through Blue Stakes operating system.

One of the major features the new system will provide is the ability to select notification areas with shapes or polygons versus grids that have been used since 1999. This new feature should aid in reducing the number of over notifications members receive.

Blue Stakes will be holding informational meetings throughout the state following implementation to assist members with the conversion.

If you have questions regarding this new system, contact Blue Stakes IT Manager at (800) 662-7836, ext. 2112 or [paulh@bluestakes.org](mailto:paulh@bluestakes.org).

**ASSOCIATION HOLIDAYS**

Blue Stakes Notification Center will be closed on the following Association recognized holidays:

- Thanksgiving  
11/24/05 (Thursday)
- Day After Thanksgiving  
11/25/05 (Friday)
- Christmas Eve  
12/23/05 (Friday)
- Christmas  
12/26/05 (Monday)
- New Year's  
1/2/06 (Monday)
- Presidents' Day  
2/20/06 (Monday)
- Memorial Day  
5/29/06 (Monday)
- Independency Day  
7/4/06 (Tuesday)
- Pioneer Day  
7/24/06 (Monday)
- Labor Day  
9/4/06 (Monday)

**AFTER HOURS EMERGENCY ON-CALL PROGRAM**

**(801) 554-7747**

The Blue Stakes *After Hours Emergency On-Call Program* is designed to provide the names and contact information for member utilities located in the vicinity of an emergency dig site.

The program is for Association members only and is available on weekdays from 5:00 p.m.—7:00 a.m. and on Saturdays, Sundays, and Holidays.

Blue Stakes will provide emergency contact information for member utilities that may have underground facilities at the emergency dig site. No locate request assignment (LRA) number will be generated.

It is the responsibility of the member utility performing the emergency excavation to contact other member utilities in the vicinity utilizing the contact names and phone numbers provided by Blue Stakes.

The *After Hours Emergency On-Call Program* phone number **(801) 554-7747** should not be used to contact Blue Stakes in the event of an emergency during normal operating hours, Monday-Friday, 7:00 a.m. - 5:00 p.m.

Member Utilities are requested to not provide the after hours emergency on-call phone number to excavators or homeowners who are not members of the Association.

## REMOTE ACCESS FOR MEMBERS (RAM)

Various types of information may be accessed on-line through Blue Stakes *Remote Access for Members* (RAM) at [www.bluestakes.org](http://www.bluestakes.org) using an assigned user code and password.

Some of the information available on-line include:

- *Notification Grid Selection* – Members can view, add to, or delete notification grids.
- *Member Information* – Members can view contact information on-line and notify the Blue Stakes Member Services Coordinator if a change is required.
- *Delivery Lookup* – Allows members to view locate requests delivered to their receiver site.
- *Hot Spots Report* – Accessing this report, members can identify grids within their notification area with high activity. This report provides a breakdown by the grid and the number of locate requests.
- *Member Statistics Report* – Accessing this report, members can view the total number of tickets received in a given day, week, month, or year.
- *After-Hours Emergency Contact Lookup* – Members can look up and contact emergency personnel for other member utilities in the area of an emergency excavation after Blue Stakes normal business hours.
- *Design Contact Lookup* – Members can look up and contact design personnel for other member utilities for non-excavation type requests.
- *Search Function* – Members can search the Blue Stakes database for locate requests previously sent to their receiver site.

For additional information or to sign up for this service, contact Blue Stakes Member Services Coordinator at (800) 662-7836, ext. 2113 or email [member@bluestakes.org](mailto:member@bluestakes.org).

## SUBMITTING LOCATE REQUESTS THROUGH THE INTERNET

Blue Stakes offers Association members the service of submitting locate requests through the Internet versus over the telephone.

Blue Stakes Remote Ticket Entry (RTE) and Quick Ticket (QT) WEB applications may be accessed at [www.bluestakes.org](http://www.bluestakes.org) using an assigned user code and password.

For additional information or to sign up for this service and to schedule training, please contact Blue Stakes Web Training Specialist at (801) 208-2104 or [RTE@bluestakes.org](mailto:RTE@bluestakes.org).

## NOTIFICATION GRID SELECTION REVIEW

Blue Stakes recommends that member utilities review their notification grid selection at least annually to ensure accuracy.

Blue Stakes uses mapping data for its base map application purchased from TeleAtlas, formerly known as Geographic Data Technology (GDT), in conjunction with its ticket entry operating system.

Blue Stakes also incorporates mapping data obtained from the State of Utah's Automated Geographic Reference Center (AGRC) and from various counties in the state.

Mapping data purchased from TeleAtlas is updated twice a year normally in the second and fourth quarters of the year. Data obtained from the AGRC and counties are updated as the information becomes available.

Notification is normally distributed to member utilities any time an update occurs requesting that they review their organization's grid selection for notification purposes to ensure accuracy and make changes if necessary.

Contact Blue Stakes Member Services Coordinator, (800) 662-7836, ext. 2113 or email [sherrieb@bluestakes.org](mailto:sherrieb@bluestakes.org) for assistance or additional information.

# DISASTER MITIGATION PLAN

Blue Stakes Notification Center maintains a *Disaster Mitigation Plan* to ensure its critical operating systems (telephone switch & ticket entry operating system) remain fully functional and available to its members and customers in the event of a disaster or equipment failure.

Blue Stakes *Disaster Mitigation Plan* consists of:

- Critical operating systems are installed at a disaster

mitigation center providing: earthquake and flood tolerance construction; telecommunications, bandwidth, and power supply redundancy; physical and systems security; and fire protection.

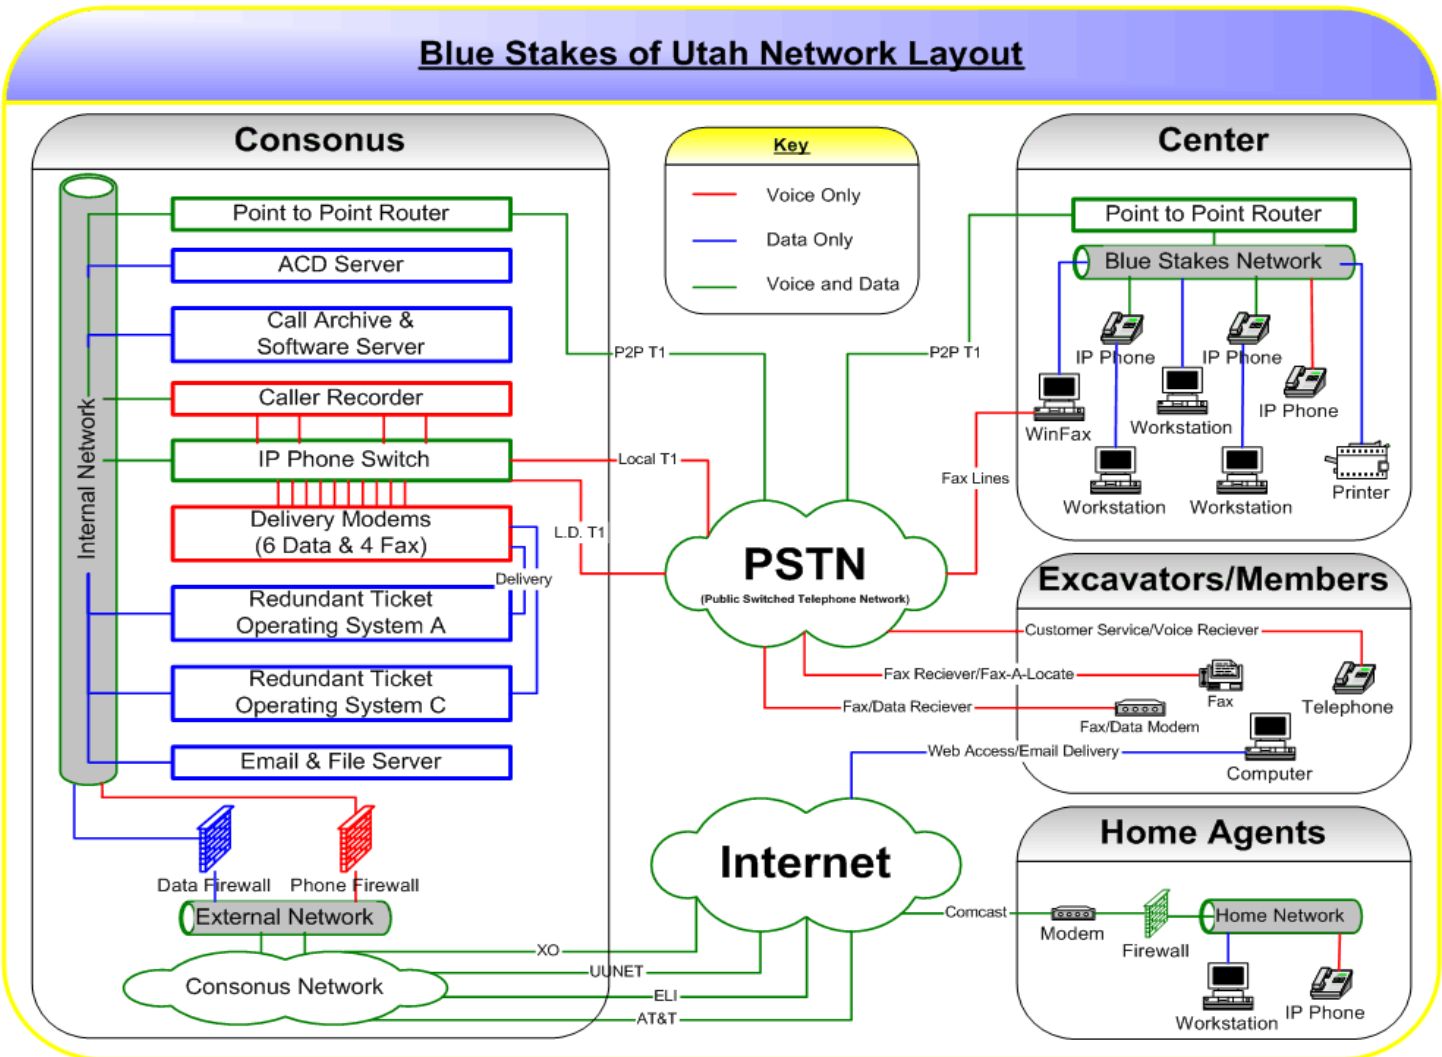

- Critical operating systems are equipped to tolerate a single point of failure.
- Off-site data storage backup ensures ability to rein-

state operating systems and data if necessary.

- Staffing structured to benefit from three work groups generating locate requests: employees working from home; employees working from Administrative office; and customers entering locate requests over the Internet. Each of the three work groups is independent of the other ensuring continued staffing availability in

the event of equipment failure or disaster.

The network layout diagram displayed below reflects the components of Blue Stakes *Disaster Mitigation Plan*.

## 2006 DAMAGE PREVENTION AWARENESS SEMINARS

### 2006 SCHEDULE

#### Salt Lake Area

Tuesday, January 17, 2006 &  
Wednesday, January 18, 2006  
Salt Lake Community College /  
Miller Campus  
9750 South 300 West  
Sandy, Utah

#### Ogden Area

Thursday, January 19, 2006  
Ogden Marriott Hotel  
247 24th Street  
Ogden, Utah

#### Provo Area

Friday, January 20, 2006  
Provo Marriott Hotel  
101 West 100 North  
Provo, Utah

**NOTE**—Invitations will be distributed to excavators during the month of December 2005. Contact Blue Stakes Notification Center for additional information.

## DAMAGE PREVENTION COORDINATION MEETINGS

Damage Prevention Coordination Meetings for Association members will also be held in various Utah counties throughout the coming year. Invitations will be mailed prior to the events

indicating the date, time, and location of the meeting. Contact Blue Stakes Notification Center for additional information.

**Call Before You Dig.**  
**It's Free and It's the Law!**

**Call Before You Dig**

- Call two business days before excavation begins

**Wait the Required Amount of Time**

- Give utility owners allowed time to mark underground facilities

**Respect the Marks**

- Respect and protect markings throughout the duration of the excavation

**Dig with Care**

- Hand dig with care within the 24-inch safety zone while exposing underground utilities

**Dig Safely.**

**BLUE STAKES OF UTAH**  
UTILITY NOTIFICATION CENTER, INC.  
www.bluestakes.org

**(800) 662-4111**

## SAFETY MEETINGS

Blue Stakes will provide damage prevention training classes, free of charge, in the form of safety meetings, workshop presentations, etc. Contact Blue Stakes

Executive Director at (801) 208- 2110 or [garyh@bluestakes.org](mailto:garyh@bluestakes.org) to schedule a training meeting tailored to fit the needs of your organization.

## PROMOTIONAL HANDOUTS

Blue Stakes provides, free of charge, the following promotional handouts for distribution promoting the national “Dig Safely” campaign encouraging excavators and the general public to *Call Before They Dig*:

- **Information Cards**

To request any of the items listed, contact Blue Stakes Administrative Assistant at (800) 662-7836 or [millier@bluestakes.org](mailto:millier@bluestakes.org).

- **Excavators' Guide**
- **Key Chains**
- **Magnets**
- **Color Code Stickers**
