Thank you for contacting Blue Stakes of Utah 811! This is an automated electronic positive response (EPR) confirmation for the locate request ticket number listed below. It contains the EPR responses from the member facility owners who received notice of your excavation.

EPR is voluntary for facility owners in Utah. Therefore a "NO RESPONSE - FACILITY OWNER DID NOT POST RESPONSE BY REQUIRED TIME" does not necessarily mean the member did not mark or respond to the request. It could mean that they have chosen not to participate in EPR at this time. Please confirm on site if markings are present or clear before submitting a 2nd notice due to a No Response code.

For your safety, please respect and protect the marks, excavate carefully around the marked facility lines, and contact Blue Stakes if you are concerned there may be unmarked facilities.

For updated EPR information visit: <https://www.bluestakes.org/epr/>

This is an automatically generated email. Please do not reply to this message.

If you have questions about a response, please contact the "RCVR CONTACT" listed below for that facility owner.
